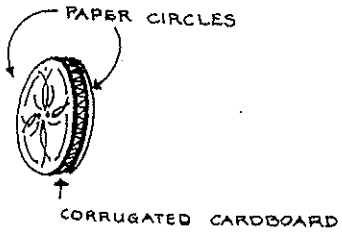
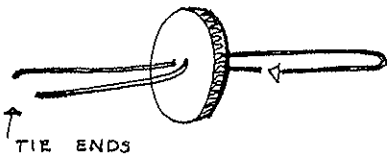
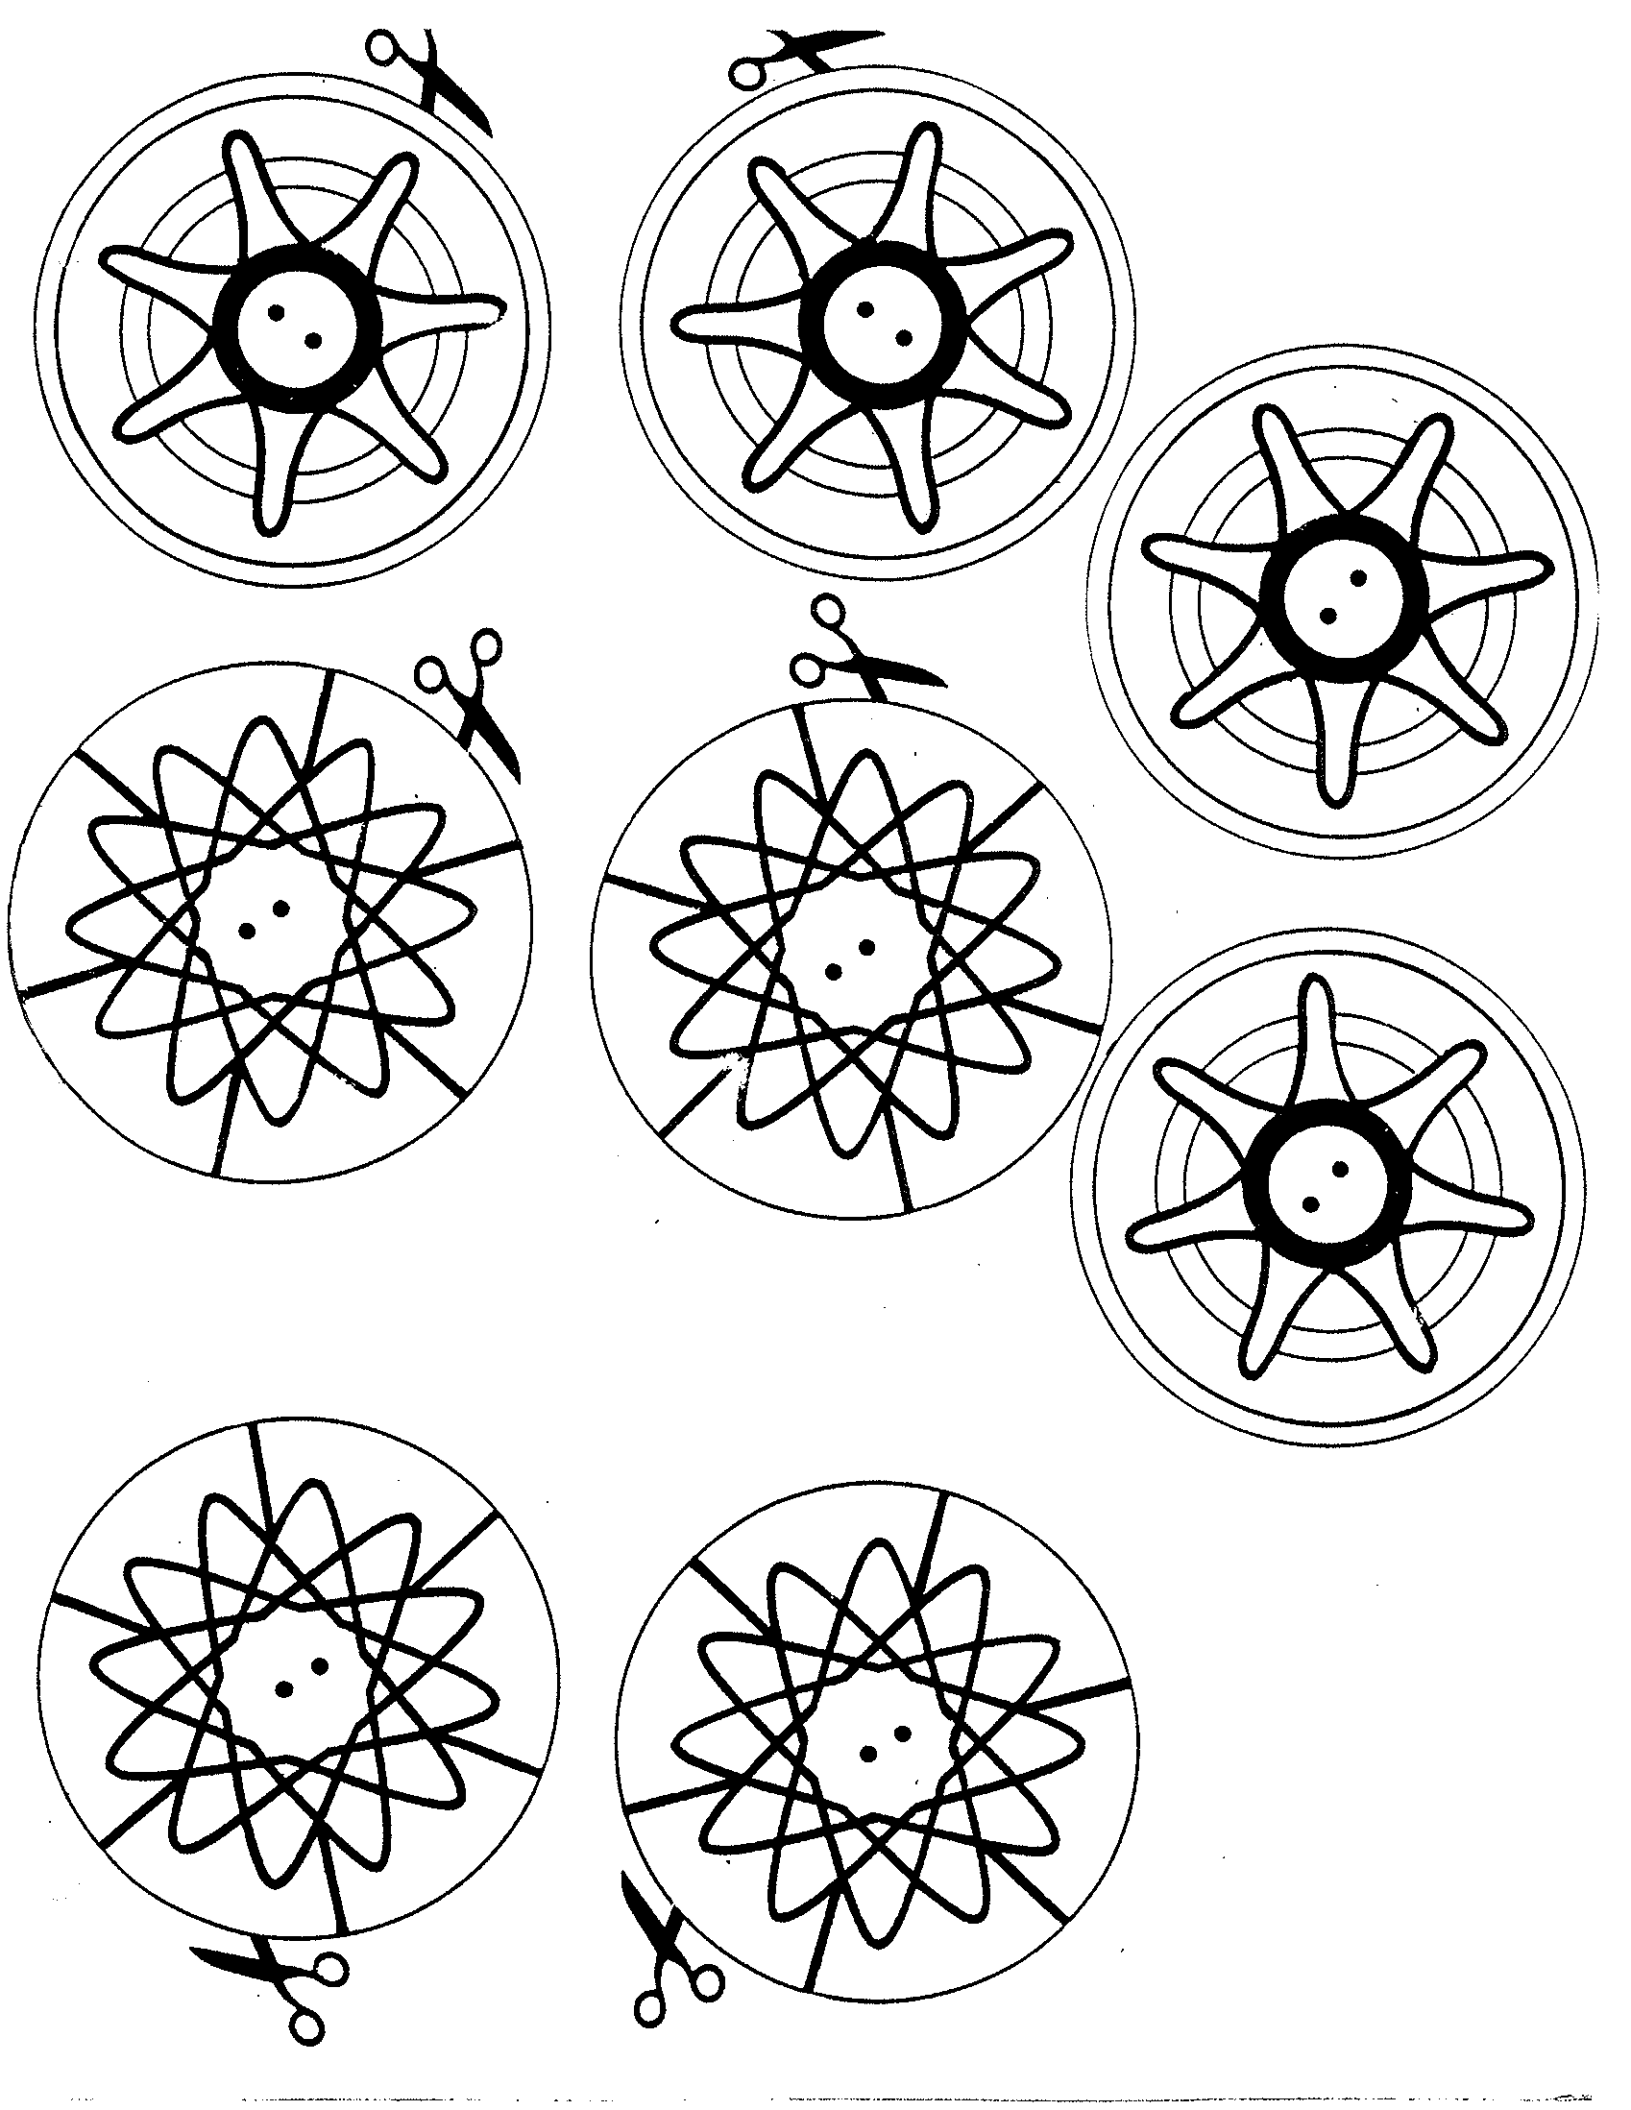
Directions For Making a Buzz Saw

1. Colour two paper circles for each buzz saw.

2. Cut one circle out and glue it onto cardboard.



3. Cut corrugated cardboard circle out and glue the other paper circle on the back side of the cardboard circle.




4. With a sharp object, puncture holes through the two black dots in the centre of the cardboard and thread 30 inches of string through one hole and back through the second hole. Tie in knot.
